

Did you know?

Our Repair Cost Endorsement provides claim reimbursement at a higher level than Actual Cash Value

Our Repair Cost Endorsement is an optional coverage that costs just \$84 dollars a year. This enhanced settlement option provides claim reimbursement at a higher level than **Actual Cash Value**.

For Example:

A rental property with \$70,000 Coverage has a kitchen fire. **ACV** at the time of loss is \$8,000. **Total cost of repair is \$15,000.**

- **Without the Repair Cost Endorsement:**
Total Paid: \$8,000
- **With the Repair Cost Endorsement:**
\$8,000 at time of loss + \$7,000 when repairs are made. Total Paid: \$15,000

Endorsement can be added to all policies (except Contents-Only/Renters) today!
